The first time I am seeing this.

We had an economic cost between \$28M and \$56M per day at the peak. Transport Canada had a higher number.

Subject: FW: Trade statistic: DPM remarks for Emergencies Act committee

Hi Brian,
A couple weeks ago Manuel from FSP was wondering about stats on lost trade during the blockades, and now we are re-reviewing the DPM remarks for the DEDC committee.

Specifically, seeking verification of this, we can't find where it came from:

Tens of millions of dollars in daily trade were lost due to the blockades at crossings.

Thanks
David

Subject: For FSP and Law second review: DPM remarks for Emergencies Act committee

Hi,

We've heard that DPMO would like to have the Minister's DEDC committee remarks by Monday. Here it is again for second review with minor edits.

[SP-EmergenciesAct committee DPM remarks \(10 mins\)-v0-e.docx](#)

I don't think any numbers will have changed but welcome any updates, as well as any wording you feel should be added based on Tuesday's session. I'll send to EPB for that trade number.

Merci
David

Subject: For FSP and Law review: DPM remarks for Emergencies Act committee

Hi,

Here are the Minister's remarks for her appearance at the Standing Committee on the Declaration of Emergency. We still don't know when that will be.

[SP-EmergenciesAct committee DPM remarks \(10 mins\)-v0-e.docx](#)

Green highlights are for dates and stats that are welcome to be updated if you have further information please.

The mention of the crowdfunding regs is TBC depending on timing.

Merci
David
